

# We are a Safe & Sacred Space Church!

Our **Safe Sanctuary Policy** is the official policy of Advent Church regarding child and youth protection. It was adopted and approved by our Board of Trustees and Administrative Council. But we go beyond this document. We screen and train every person who serves with our children and youth. We also background check every volunteer serving in any capacity with children and youth.

In addition, every volunteer is required to attend Safety First! training. These trainings are held quarterly or whenever a special need arises.

We encourage all of our members to attend Safety First! training – it's here you'll learn about our safety practices for each age group as well as emergency response to things such as fire, severe weather and so much more.

Sign up [here](#) for upcoming Safety First! Training.
